

You are invited to...

# The ADCA Region 12 Meeting and Fun Day!

September 12<sup>th</sup>, 2009

At the home of Jeremy & Gwen Smith (SPF Dexters)  
16359 - 170<sup>th</sup> Avenue  
Monticello, Iowa 52310

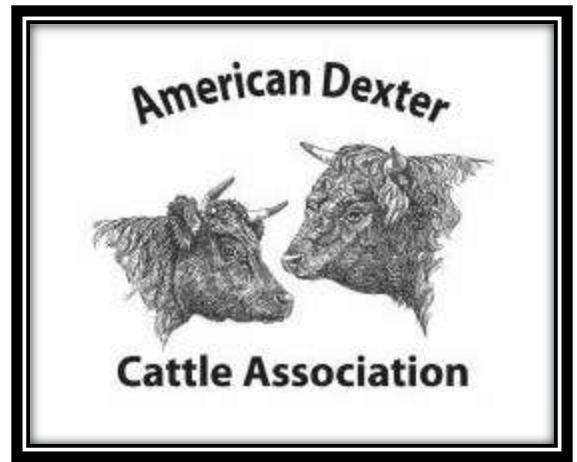

Join us at 11am for a quick meeting and overview of what the day will bring and some updates on the ADCA and our Region. There will be a few drawing prizes for those that attend and are on time!

Then we will have a pot luck lunch, with Dexter Hamburgers, supplied by Iowa Dexter Breeders.

Then we will have some quick updates from Chuck Daggett (The Registrar), and Rick & Macheal Seydel (Hosts of the AGM). Then we will go over some info and clarification regarding Genetic testing and your Dexters. This will be very good information for anyone who is confused or needs clarification on who, what, when, where and why on genetic testing. We will cover it, until it makes sense for you. If you want to test, but are simply lost, I am here to help, Bring your hair samples and I will help you get the info you need to get it done. That is my job to help you.

Then we will have some socialization time before everyone heads home!

Please RSVP to Dan Butterfield 319-533-5059 or [GrandmasDexters@aol.com](mailto:GrandmasDexters@aol.com)

## URGENT - Please Read...

Please bring lawn chairs, side dishes, table service etc. Hamburgers will be provided.

PLEASE - if you have any Dexters for Sale, please email me or call me and I will compile a list for the event and prior to the event.

PLEASE - if you are looking to buy Dexters, feel free to email me for the above list. Then if you are able to, you may be able to have the seller bring the Dexters that day and transfer them from one trailer to another. Save on transportation if you are both attending.

If you want to contribute something in the way of food/beverages etc please email or call.

There will also be a few surprises with Dexter Items...

A Big Thank You to Jeremy & Gwen Smith for agreeing to host it this year!

This is a very exciting time in the American Dexter Cattle Association and Region 12, I hope that everyone can attend and celebrate the growth of the ADCA and Region 12.
